

To all residents,

Over the last week we have been working on a plan for the borough prior to the hit of the Coronavirus.

I'm happy to inform you that the offering is now in place and all we can do is our best to help.

We are working with over 30 local charities, community organisations and not for profits and opened up lines of communication with them immediately in anticipation for what may come.

We have had volunteers register from across the borough, and they have been split up into 3 areas: Enfield North, Enfield South, and Edmonton.

What we can offer:

- If you are vulnerable, and you are in need of food and supplies we are working with Charities to arrange to bring these to you.
- If you are isolated at home and can't get out to go shopping, we have local businesses that can, deliver full meals to you, or offer a shopping service or even pick items up

If you need help we are here to help so please reach out by filling in this form. We have people waiting so please don't think twice.
