Summary of Discussion:	We wrote our action plan. We picked our three worst areas; Biodiversity, Waste and Litter. We also looked at areas which we scored badly on and were not on our action plan like turning off the lights and having too much throw away plastic.
Next Steps:	We need to get litter pickers and organise to pick up litter around our school. We need to stop the amount of throw away plastic bottles in our school. We are now energy monitors and need to make sure every time we leave the classroom, like at break, the lights and whiteboard are switched off.
Time and Date of Next Meeting:	After Christmas
